Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Saturday 24 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Low cloud gradually clearing. Rain possible briefly in south.

Today:
Early low cloud will gradually burn back to the coast, leaving a fine day for many, with warm sunny spells developing. Rain, perhaps heavy or thundery is possible for southern areas for a time, with some gusty winds. Maximum temperature 23 deg C (73 deg F).

Tonight:
Another mild night for all. Cloud will increase through the evening from the south and east, the odd shower is possible through the early hours. Minimum temperature 14 deg C (57 deg F).

Sunday:
A rather cloudy start to Sunday morning with the odd shower possible in the east. Warm sunny spells developing through the afternoon from the west. Maximum temperature 24 deg C (75 deg F).

Outlook for Monday to Wednesday:
Early low cloud clears to sunshine and a few afternoon showers on Monday. Unsettled on Tuesday and Wednesday, with rain or showers, possibly thundery at times. Feeling cooler.
